# **1- INTRODUCTION**

---

## COMPANY PROFILE

- Mattar Engineering Construction is established in 1998. The main activities of the company is infrastructure and civil works, Non-Disruptive Road Crossing and Oilfield Services. The Chairman of the company is Mr. Mattar Humaid salem Al Mamsouri and Vilan Govidan Kutty Mohanan Managing the day to day business of company.
  - Company has done many projects in oil field areas these are mainly Etisalat projects but in ASAB, Bu- Hassa, Habshan, Ruwais etc.
  - The company has done many fibre optic cable projects, telecom tower foundation and store & workshop buildings. During the course of time company made up a reputation in the Market. In 2015 Mattar Engineering is awarded International contracting company in the UAE Chapter. The award is for construction companies with excellence performance in the construction field by global Trade leaders club, Madrid, Spain.
  - Major water line project, fire water line project, civil work related to light pole foundation, traffic sign board foundations and horizontal directional drilling.
  - The company has its own Machines and Manpower to execute the projects. The company is approved by Abu Dhabi Municipality, Etisalat, ADNOC, ADSSC etc. The approval for ADDC is on the way.
  - The construction activities and logistic services for the works were facilitated from our store and yard at ICAD area near the steel factory.
  - Quality of the job is prime aim of our company. The company is ISO certified. At site work major attention is so for safety. We are also certified OHAS – 2018. And every site there tool box talk each day prior starting jobs. Monthly safety meeting held at head of office on last Thursday of each month.
- **MATTAR ENGINEERING CONSTRUCTION is mainly engaged in the following activities:**
- Oil and natural gas pipeline construction contracting.
  - Infrastructure Guided tunnelling
  - HDD (Horizontal Directional Drilling)
  - Auger boring
  - Pipe jacking
  - De watering
  - Cathodic protection
  - Piling

## **Mission & Vision Statement**

**We develop high performing people that deliver successful projects. To be the Drilling and Tunneling Contractor of choice for value minded clients and high performing employees.**

## **Integrity. Expertise. Leadership.**

**Our expertise in estimating, drilling/pipe jacking, project management and preconstruction services ensures that our customers receive a quality product at a fair price and in a reasonable time frame. This is accomplished through the selective use of highly qualified operators, keeping first class employees, and working for clients that share a belief in open, honest, and direct communication.**

**Regardless of whether you are an owner, engineer, subcontractor, or supplier, you are a respected member of our team and will be treated as such. This successful construction projects, but more importantly, satisfied customers. The end result of this style of relationship building is 100% referable customers.**

**We're committed to your success. Contact us today and let us know how we can help your next project.**

**MATTAR ENGINEERING CONSTRUCTION LLC**

## **5 - Q/C & Q/A PROGRAMME**

---

## 6- Q/C & Q/A PROGRAMME

### Q/C & Q/A PROGRAMME

The commitment for quality and its assurance is 100% for Matar Engineering Construction. The materials for construction will be used after proper verifications of its origin. Specifications and through catalogue. The full details will be submitted to client / consultant for approval. The Quality Control Section makes sure our commitment to quality is well fulfilled.

For Directional Drilling works, we have to use HDPE Pipe (high-density polyethylene pipes) or Carbon Steel Pipe either as Carrier Pipe or as Casing Pipe. According to the specific use of the Carrier Pipes, the pipe should be selected. As for sample Sleeve Pipe to cross the telephone ducts or electrical ducts. As for water lines / pressure lines the pipe used should be a specific pressure capabilities as such the thickness of pipes will be more. As the design part of the pipe is from the client / consultant our part will be to make sure that we are using the specified grade of pipes.

In Directional Drilling Bentonite fluid is used as a lubricant for drilling operations as well as a binding compound for the drilled holes to keep in shape for the drilling duration. Good quality of Bentonite gives better fluidity and viscosity. The better quality Bentonite gives long life for the mixing tanks, mixing pumps and flow pipes.

Soda Ash is another important chemical used for Directional Drilling. Proper quality Soda Ash with proper quality of water will enable the PH value of the water higher than normal.

EZ mud is another polymer, we use in the Directional Drilling. Mixed in proper ratio (1.5litre to 500gallons of water), this polymer is a lubricant which helps the sliding the pipe (H.D.P.E. or Steel) smoothly and easily.

PACK-R is another chemical used in Directional Drilling. Usually 1.5litre of PACK-R is mixed with 500 gallons of water. This will act as a seal out where soil strata change this avoiding wastage of Bentonite solutions.

Being looking at the quality by controlling with proper materials, proper proportion and proper mixing, the required quality is always assured by our Quality Engineer.

With samples, checking and testing is done to make sure the quality is best, prior using. This practice gives us the best way to assure the quality of the items and work is in tact.

**MATTAR ENGINEERING CONSTRUCTION LLC**

## **6 - HSE POLICY**

---

# MATTAR ENGINEERING CONSTRUCTION LLC

## 7- HSE POLICY

### HSE POLICY

#### *Health, Safety and Environment Policy*

MATTAR Engineering Construction LLC is committed to working safely and protection health of its employees and others that may be affected by our operations and also minimize impact of our activities on the environment. We believe that all accidents are preventable.

MATTAR will strive for continuous improvement of its HSE performance by the efficient management of HSE systems.

To achieve these objectives, MATTAR will:

- Provide safe equipment, safe living and working place and health care for its employees.
- Keep its employees, subcontractors and other that perform work at its premises fully aware of hazards and safe work practices.
- Protect the environment from damage and pollution.
- Abide by the rules and regulations of the country in which it operates and of the client whom it serves.
- Allocate required resources and provide training to achieve its HSE objectives.
- Empower line management to fully implement this HSE Policy and hold all employees accountable for compliance with HSE regulations and standards.
- Encourage all employees to report unsafe acts, practices and conditions and empower them to stop work if safety is endangered.

V.G. Mohanan  
Managing Director

Date: 15-12-2019

## MATAR ENGINEERING CONSTRUCTION

### HSE PROGRAMME

M/s Matar Engineering Construction is committed to Health Safety and Environment Programs. The commitment is as clear as at least one meeting of HSE is every month attended by our Managing Director. He also makes sure every week there is a HSE meeting and all responsible and concerned personnel's will attend the meeting.

Group meetings are conducted every week. Wednesday is our day for HSE meeting. Our Safety Engr. Mohammed Haneef will explain to the workers and supervisors the importance of HSE. He usually points out many mishaps and stress a small carelessness may cause big loss.

Regarding the pipe jacking jobs, safety helmets, safety shoes and hand gloves are a must as the workers handling heavy steel pipes. Our safety Engineer specifies the special tooling required to drill pipes as well as untie the drill pipes.

M/s Matar Engineering Construction knows well, the most valuable wealth is health. To adhere this basic truth no worker is allowed to work more than 4 hours continuously even for a long crossing by pipe jacking. It is a practice at our company to provide fruit juice to site workers at 4 hours intervals. During hot seasons, workers were encouraged to drink more water, salt tablets were issued to workers together with water to avoid de-hydration.

At the end the past 5 years our company have no safety/health problems reported at our work sites. And our prayer is that together with our management keens to up hill health, safety and environment programs, in future also we will be very successful without any loss of working days by health or safety related failure.

# **MATAR ENGINEERING CONSTRUCTION**

## **QUALITY POLICY**

MATAR ENGINEERING CONSTRUCTION is committed to provide superior quality services related to Horizontal Directional Drilling industry in the field of Telecommunications, Electrical and Infrastructure that meet applicable regulatory, statutory, and customer requirements by adhering to a quality management system that benefits our customers, employees and shareholders.

To meet our commitment, we must;

- ❖ Meet or exceed our client's expectations consistently for service quality and performance;
- ❖ Value our clients through open communication, timely responses and improved efficiency;
- ❖ Appreciate and foster an environment of trust, integrity, challenge and reward that attracts and retains the competent employees at all levels of the organization;
- ❖ Leverage efficient technology applied to all business processes in order to maintain a competitive advantage;
- ❖ Timely deliver products and services to meet our client's requirements;
- ❖ Build long-term relationship with clients and strategic suppliers based on shared objectives;
- ❖ Ensure that our Quality Management System serves our clients' needs;
- ❖ Continuously improve our processes and systems.

The MEC Quality Policy will be continually monitored and reviewed when there are changes in our operations to ensure its effectiveness. The policy will be reviewed annually (every 12 month).

# MATTAR ENGINEERING CONSTRUCTION LLC

## PIPE JACKING WORKS:

1. 42" steel sleeve at Fountain R/A, Sanaiyaja Al Ain.  
Length: 85m.  
Main Contractor: Al Hamad Contracting Company.
2. Install 40" steel sleeve behind Mafraq Hotel, Abu Dhabi.  
Length: 46m.  
Main Contractor: Mabani Delma
3. Install 40" steel sleeve at Al Reem Island South.  
Length: 26m, 20m & 22m.  
Main Contractor: Mabani Delma
4. Install twin 42" steel sleeves at GASCO Ruwais main entrance Gas Pipe line.  
Length: 65m.  
Main Contractor: Descon Engineering
5. Install 52" steel sleeve across Tarif-Ruwais highway in front of bus station.  
Length: 56m.  
Main Contractor: Code Contracting Co.
6. Install 36" steel sleeve at ICAD-II near Al Rayami Steel.  
Length: 46m.  
Main Contractor: Code Contracting Co.
7. Install 42" steel sleeve at Mirfa across Tarif-Ruwais highway.  
Length: 56m.  
Main Contractor: Dodsall Engineering & Construction
8. Install 40" steel casing pipe at Mirfa near pumping station.  
Length: 42m.  
Main Contractor: ADMAC

## MATTAR ENGINEERING CONSTRUCTION LLC

9. Install 42" steel sleeve for Madinat Zayed- Mirfa Water Line.

Length: 46m.

Main Contractor: TECTON Engineering

10. Install 40" steel casing pipe across B2D-Asab Road for Gas Pipe line.

Length: 42m.

Main Contractor: Larsen & Turbo Ltd.

**MATTAR ENGINEERING CONSTRUCTION LLC**

## **8 · HORIZONTAL DIRECTIONAL DRILLING**

1. INSTALL 600mm STORM WATER PIPELINE (STEEL) UNDER COMPOUND WALL (1.2 km) and extend till the existing M/H (near pumping station), Hydra Village, Samha, Abu Dhabi.

Abu Dhabi  
Total length 1650M  
Consultant ATKINS  
Client Hydra Village Development Authority.

2. Install 900mm steel casing for Amity school sewerag projectat AL Bahya,

Abu Dhabi  
Total length 600M  
Consultant INTEC- GOPA  
Client Shapoorji PallonjiMiddle East

3. Install 8 Nos 300mm (Tied together) HDPE at Ruwais Highway for 220/132/363/11 KV substation cable laying project

Total length 655M-Ruwais  
Consultant Avera Abu Dhabi  
Client ADNOC

4. 42" steel sleeve for road crossing for Gasco project no.5246-OSBL-inside Gasco plant at Ruwais.

Total length 350M  
Client/consultant Descon Engineering

5. Al Bateen executive airport lighting directional drilling: Installed 06 nos 6" HDPEN pipe across airport taxi way

Total length 14 locationx 108M -1512M  
Consultant RW Armstrong.  
Client Abu Dhabi Airport authority.

6. Installed 06 nos 6" HDPE pipe across Umm Al Nar Channel and highway crossing in one stretch for Etisalat outside outside plant development project.

Channel and and crossing length 1820M  
Consultant Katib & Alami  
Client Etisalat

7. Install 600mm HDPE water line from Al Dhabayya to Abu Al Abyad Island.

Total length of crossing 1850M  
Consultant AECOM  
Main Contractor Astraco Construction

8. Install 48" gan pipeline by NDRC (Auger thrust boring) along Habshan – Tarif highway at 4 locations

Total length of crossing 850M  
Consultant KEO  
Main Contractor M/S Dodsai Engineering Construction (P) Ltd.

9. Install 2500mm and 2200mm steel casing pipe for Qatalum-jetty and seawater intake project by pipe jacking(Qatar)

Total length of Twin lines 850M  
Consultant Dorsch Middle East  
Main Contractor M/S Archiridin construction (overseas Co.SA)

# MATTAR ENGINEERING CONSTRUCTION LLC

---

10. Install 400mm HDPE pipe for Capital centre project (ADNEC) for SNG facility Crossing creek, Channel and city roads

Total length	2227 Meters
Consultant	M/S GLF Consultants
Main Contractor	M/S 'Q' Energy, Abu Dhabi

11. Install 48'' steel pipe across hills, Creeks and carriage ways for 48'' crudeoil pipeline from Hubshan to fujairah

Total length	1750 Meters
Consultant	M/S Parsons (Overseas)
Main Contractor	M/S China petroleum Eng. & Con Corporation

12. Install 1000mm steel pipe at Mussafah ADNOC tank farm for Improvement of Mussafah ADNOC tank farm for improvement of Mussafah ADNOC Terminal Fire fighting facilities

## 9- HDD WORKS (PAST TRACK)

### PAST TRACK REFERENCES

1. Install 36" dia pipe API 5LX60 (with 3LPE coating) at KP#108.112  
Project : Shah Gas Development.(SGD)  
Client : GASCO(AL Hosan Gas)  
Contractor : L&T
  
2. Install 8" dia.HDPE pipe at KP#99.985 by Horizontal Directional Drilling.

Project : Project No: 5246-OSBL Package-B  
Client : GASCO  
Contractor : Descon Engineering.
  
6. Install 10" steel sleeves at ADNOC tank farm-ICAD  
Project : Replacement of NGL pipeline Net work .Project No:6139.  
Client : GASCO  
Contractor : Dodsai Engineering (p)LTD.

## DIRECTIONAL DRILLING WORKS

- ❖ 400 dia HDPE pipe by Directional Drilling for Abu Dhabi Int'l Air Port expansion – new 2k runway construction for ODBRECHT – Al Jaber J.V.
- ❖ Directional drilling in Al Sryan project, at Mukatra, Al Dhabavya, Hadwania, Ruwais, Tarif, Sila Road, Mirfa, Madina Zayed – Al Sharyan Project for Etisalat.
- ❖ Directional drilling across taxi ways – Al Dhafra Air Base for lighting systems for EMCO-Abu Dhabi.
- ❖ Directional drilling in Madinat Zayed at Hospital Parking Area Near 33 kv Sub station – Al Sharyan Project for Etisalat.
- ❖ Directional drilling across Sila Customs Road (No Mans' Land) between UAE and Saudi Arabia (Check Post Area) for ADMAK Contracting.
- ❖ Directional drilling across Mizera-Hameem Highway at Shabiyat locations of Gurmedas, Ghali, Hawteen, Subkhar, Tarwania, Narshah, Jabanar, Abu Awamar, Al Wazeel, Geasa and Hameem.
- ❖ Directional drilling across Dubai-Abu Dhabi Road at Ghantoot opposite to ADNOC FOD Fuel Station for ADMAK Contracting.
- ❖ Directional drilling in front of Fire Brigade Building and Parking Area together with BZ Liwa Highway – Al Sharyan Project for Etisalat.
- ❖ Directional drilling at AL Jurf Palace area near entrance gate wall.

## MATTAR ENGINEERING CONSTRUCTION LLC

- ❖ Directional drilling at Mirfa New Hotel round for water pipe line – IMECO Contracting Abu Dhabi.
- ❖ Directional drilling work at Mirfa. sewerage project – ADMAC Abu Dhabi.
- ❖ Directional drilling across Ain Al Fiader road near Jabel Hafeet junction road – ETISALAT Al Ain Branch.
- ❖ Directional drilling across Diwan Al Amini road near Abu Dhabi Ruler's office – ADMAK (Al Kharaf) – Abu Dhabi.
- ❖ Directional drilling of 410 mm O/D HDPE in front of Khalidiya Police station –entrance & existing road to Palace – ETISALAT Abu Dhabi.
- ❖ Directional drilling of 2-Way 110 mm O/D HDPE across MATAFI R/A. Mussaffah - 75M – Al Sharyan Project for Etisalat.
- ❖ Directional drilling of 300 mm O/D HDPE ADNOC HOUSING Bida Zayed – ETISALAT - Western Region.
- ❖ Directional drilling of 400 mm O/D HDPE THAMAMA-A-C HABSHAN-ADNOC Facilities - ETISALAT - Western Region.
- ❖ Directional drilling under ADCO Gas Pipe line- 400 mm O/D HDPE – 110 M. MUSSAFFAH SECTOR. ME-10 – Etisalat Abu Dhabi Branch.
- ❖ Directional drilling of 300 mm O/D HDPE at SHALEELA under existing oil pipelines Al Sharyan Project.
- ❖ Directional drilling in ROCK with 150 mm O/D HDPE at JABEL ALI Etisalat Earth Station To Hill Bottom- 165 M – Etisalat Dubai.

## MATTAR ENGINEERING CONSTRUCTION LLC

- ❖ Directional drilling of 150 mm O/D HDPE across Road in front of JABEL ALI HOTEL DUBAI-35 M – Al Sharyan Project for Etisalat.
  - ❖ Directional drilling of 150 mm O/D HDPE at FALAJ AL MULLAH ROAD near SHEIKH ZAYED PALACE-60 M
  - ❖ Directional drilling of 150 mm O/D HDPE at DHAJD R/A towards FALAJ AL MULLAH ROAD- 80 M – Al Sharyan Project for Etisalat.
  - ❖ Directional drilling at Gayathi-Bida Mutawa Road for Etisalat Western Region.
  - ❖ Directional drilling at Mirfa Power House Road for IMVECO, Abu Dhabi.
  - ❖ Directional drillings at access roads to Palace near Khalidiya Police Statlon, Etisalat Abu Dhabi Branch.
  - ❖ Directional drilling under Gasco Pipelines, Shaleela for Al Sharyan Project.
  - ❖ Directional drilling across Sweihan Road near Graveyard Road Junction – Etisalat Abu Dhabi Branch.
- 
- ❖ Directional drilling across Tarif-Ruwais Highway near Gabat Al Bainoona for CODE Contracting Abu Dhabi.
  - ❖ Works done for TABREED COOLING SYSTEM at Sweihan Defence Camp Area:
    - a. Installed 12" casing pipe: 167m.
    - b. Installed 14" casing pipe: 66m.
    - c. Installed 15" casing pipe: 25m.
    - d. Installed 16" casing pipe: 56m.
    - e. Installed 18" casing pipe: 70m.

## MATTAR ENGINEERING CONSTRUCTION LLC

- ❖ Corniche Road, Abu Dhabi opposite Marina Mall near ADIA Building – 42m – Etisalat Abu Dhabi Branch
  - ❖ Near Abu Dhabi Co-operative Society Bateen – 38m for Al Sharyan Project – Abu Dhabi Branch.
  - ❖ Behind Carrefour near Abu Dhabi National Hotels building - 16m – Al Sharyan Project.
  - ❖ Directional Drilling under Al Qubara Palace access roads - 56m Etisalat Abu Dhabi Branch.
  - ❖ Mafreq – Tarif Highway – in front of new Police Station at Mafreq – 70m long – 4way – Etisalat, Abu Dhabi Branch.
  - ❖ Directional drilling at Al Bateen Airport, Abu Dhabi – under airport runway at six locations.
  - ❖ Directional drilling under TRANSCO waterlines – Mirfa (48" Mirfa-Habshan Pipelino).
  - ❖ Directional drilling across Tarif – Sila highway near Mirfa petrol station (48" Mirfa – Habshan Pipeline).
  - ❖ Directional drilling at Habshan near GASCO R/A. (48" Habshan – Mirfa Gas Pipeline).
- 
- ❖ 100mm 4way duct installation by directional drilling – Asab ADCO CDS main entrance gate No.2
  - ❖ Asab main road to AGD I.
  - ❖ Directional Drilling at Asab-Hameem link road (Opp. 220kv substation.)
  - ❖ Directional drilling at Rabha Beach development (IMECO) using 12" HDPE pipe
  - ❖ Directional drilling at Khalifa 'B' Ground Water Lowering Project (IMECO) at 28 locations – Gravity flow.
- 
- ❖ Directional drilling across runway – Al Bateen Airport 6way duct at six locations.

## Completion Certificate

M/s. Mattar Engineering Construction was our subcontractor for pipeline trenching and associated dune sand hill levelling, de-watering, manhole and pumping station excavations to our Contract Nos. 167W/2020 and 168W/2020.

Contract No. 167W/2020 is twin 1800 mm dia C.S. Pipe (UAQ Desalination Plant to Khuraijah WDC – 22 km) and Contract No. 168W/2020 is 1600 mm dia C.S. single pipeline (Khuraijah WDC to Burairath WDC – 22 km). Contract Nos.167W/2020 and 168W/2020 are DN 1800 / DN 1600 C.S. pipelines contracts awarded to Tecton by Ethihad Water and Electricity (EWE), formerly FEWA.

Mattar Engineering has completed their works satisfactorily on time.

We appreciate the efforts and attention of Mattar Engineering Construction shown towards our job and to the timely completion.

**Contract :** ADSSC Construction Contract O-13152  
Rehabilitation and Replacement of Sewer Network in Abu Dhabi  
Island, Part 5

**Subject :** Request for Approval of Pipe Jacking Subcontractor M/s Al Matar

Dear Sirs,

We received the attached letter ref. no. 0732-MACE-O-13152-6-IMJ-rb dated 10<sup>th</sup> October, 2019 from the Contractor, M/s Mace requesting the approval of subcontractor M/s Al Matar for Pipe Jacking works.

M/s Mace has discussed with us the difficulties they are facing to find capable subcontractor to carry this task from the local market and enclosed in their attached letter apologies from three contractors specialized in this field due to different reasons:

In fact, M/s Al Matar has not completed their registration in ADSSC Vendor List but their application is now in process as presented by the contractor but they are registered in Abu Dhabi Municipality and they were known during the former SPC for carrying out this type of works.

According to our information M/s Al Matar performance is acceptable and they have the skills and capabilities for undertaking works.

Due to the current situation and the extents of the works that needs to be executed and considering the project's time constraints, we would recommend to conditionally approving Al Matar for Pipe Jacking works under this contract with the following:

1. The approval is limited to this contract only until M/s Al Matar completed their registration with ADSSC.
2. The approval is subject to strict compliance with ADSSC HSE requirement and implementation of OSHAD existing rules and regulations.
3. Al Matar shall complete ADSSC requirements to ensure their registration in ADSSC within the three-month probation period.

This is for your kind consideration and furtherance.

Yours faithfully,  
DORSCH Holding GmbH - Abu Dhabi

RE: Al Bateen Executive Airport Airfield Lighting Upgrades

Dear Sir,

I would like to thank you for your work on the Airfield Lighting Upgrades project at Al Bateen Executive Airport. Your directional drilling equipment and expertise were essential to meeting our needs for safety, expediency, and constructability. Your Site Engineer, Wajdi Soudhalhin, performed his work in a timely and safe manner. He demonstrated expertise, professionalism, and hard work.

Thanks for all your help.

Sincerely,

R.W. ARMSTRONG & ASSOCIATES, INC.

## ETISALAT CONTRACTOR

## مقاول الباطن للاتصالات

Kindly be informed that we are executing the Fibre Optic Military Network in HABSHAN AREA

يرجى التكرم بالعودة بأخذ تقويم بأصناف توصيل شبكة كابلات الباطن الخاصة بمشروع القوات المسلحة في منطقة حبشان

M/s MATAR ENGINEERING is Etisalat subcontractor for NDRC work for the above project.

إن للسادة/ مصر الهندسية هو مقاول الباطن التابع لنا وللذي سوف يقوم بأصناف الحفر الأفقي لمواجهة (NDRC) للمشروع المذكور أعلاه.

We do not have any objection on the proposed method of statement submitted by our subcontractor M/s MATAR ENG. provided it satisfies the conditions & specifications of Road Dept.

ليس لدينا ممانع في طريقة العمل المقترحة من السادة/ مطر الهندسية على أن تكون مطابقة لشروط ومواصفات إدارة الطرق و ذلك نوافقكم اللبائية.

The subcontractor will provide the method statement and any undertaking or information required by you.

إن مقاول الباطن المذكور سوف يقوم بتزويدنا بطريقة تفصيل و أي تعهد أو معلومات مطلوبة من قبلكم

Further, for your information, the work will be supervised by us.

و سوف نقوم بالإشراف على الأعمال المذكورة اعلاه.

For your information and final approval please.

يرجى التفضل بتعلم.

Regards,

شاكرون لكم حسن تعاونكم

نموذج عمل رقم (2)

( 1737 )

لمن يهمه الأمر

الموضوع / تصريح عمل

دولة الامارات العربية المتحدة  
وزارة الداخلية  
القيادة العامة لشرطة أبوظبي  
الإدارة العامة للعمليات الشرطية  
ادارة المرور و الدوريات  
قسم هندسة المرور وسلامة الطرق  
2006/08/14

للشركة : مطر للإنشاءات الهندسية .

منطقة العمل : حوض غرب (02/24) .

مدة التصريح : 15 / 8 / 2006 م لغاية : 25 / 8 / 2006 م لمدة عشرة ايام فقط .

نوع العمل : حفريات ( تمديد كابلات الاتصالات ) .

آلية العمل : لا مانع من العمل خارج حدود الطريق بطريقة الدفع الأفقي ( NDRC ) كما هو موضح بالمخطط ولمدة عشرة ايام من تاريخ : 15 / 8 / 2006 م مع اتخاذ جميع إجراءات السلامة المرورية لمستخدمي الطريق .

يرجى عدم معارضة الشركة المذكورة عن العمل وفقاً للشروط التالية :

1. يتم العمل مع إحاطة منطقة الحفريات بالحواجز الخرسانية + لوائح المرورية + الشبك .
2. يتم وضع كفة وسائل السلامة المرورية اللازمة والمتمثلة في العلامات الإرشادية والتحذيرية كما هو موضح بالمخطط .
3. يتم وضع الإنارة اللازمة والعواكس الفلورية والفلشترات حسب ما هو مبين بالمخطط المرفقة صورته عنه .
4. يجب إزالة كافة نواتج الحفر فوراً وعدم وضعها على أي جزء من الطريق .
5. إعادة الوضع كما كان عليه قبل العمل خالياً من العوائق التي قد تسبب خطراً على السلامة العامة .
6. يجب ارتداء جاكيت عاكس لجميع العاملين على الطرقات وحرث الطريق .
7. عدم القيام بأي حفر وردم بشكل عرضي على الطرق والمساحات والمواقف العامة دون أخذ موافقة مسبقة مبينا فيها أسلوب ومراحل وبرنامج تنفيذ هذه المقاطع .
8. يمنع وقوف أي سياره أو معدة على الطريق أو خارج منطقة العمل بدون تصريح مسبق .
9. يعتبر المهندس ومدير المشروع مسؤولان مسؤولية كاملة عن أي تقصير في الالتزام بإجراءات السلامة حسب المخطط المرفق والتصريح اعلاه .
10. تعتبر الشركة المنفذة مسؤولة مباشرة وكاملة عن أي ضرر أو خطر على السلامة العامة والسلامة المرورية ينتج عن العمل أو بسببه في حالة تكليف مقاول من الباطن يجب مراجعة قسم هندسة الطرق لأخذ التصاريح اللازمة .
11. تلتزم الشركة بتواجد حارس للموقع على مدار الساعة .
12. تعتبر صورة التصريح لاجبة ، وإبقاء النسخة الاصلية من التصريح في موقع العمل ويعكس ذلك سيتم اتخاذ الإجراءات القانونية لحين إثبات الشركة المنفذة حصولها على تصاريح العمل اللازمة .

FAX MESSAGE

REF.NO. 039/02/1859

DATE: 4/5/2004

TO	: M/S. MATTAR ENGINEERING CONSTRUCTION		
ATTN	: Mr. V.G. MOHANAN (Managing Director)		
CITY	: Dubai	FAX NO.	: 02-6337448
COUNTRY	: UAE	NO. OF PAGES	: 1
FROM	: SERVICES CO-ORDINATION CENTER		

Dear Sir,

**Subject : NDRC works in Dubai Roads Right of Ways**

With reference to your letter no. MAT/GEN/021/04 dated April 5<sup>th</sup>, 2004 and discussion you had with us in our office, we have no objection for your company to carry out Auger boring, Horizontal directional drilling works within Dubai Roads Right of Way for your contract No. 37H/2000 with ETISALAT subject to following conditions:

1. All your works must comply with Dubai Municipality requirements as per prevailing local orders and conditions of NOC Issued for each part of the work by considering all safety measures.
2. The completed works to be certified by DM staff for satisfactory completion.
3. Your company is not permitted to carry out asphalt reinstatements.
4. Your equipment and yard workshop to be in Dubai Emirate within five months.
5. This permit is valid only for initial period of one year after which your pre-qualification documents to be renewed depending upon your merits & performance.

**MATTAR ENGINEERING CONSTRUCTION**  
PO Box 30710 Abu Dhabi  
ABU DHABI  
EMIRATOS ÁRABES UNIDOS

Attn. General Manager

Dear Sir,

The Selection Committee of the INTERNATIONAL CONSTRUCTION AWARD granted by the GLOBAL TRADE LEADERS' CLUB, (a club of businessmen with 7.000 members from 95 countries), has chosen **MATTAR ENGINEERING CONSTRUCTION** as a winner of this year's award.

This international award was created in Europe to reward firms from all over the world which have distinguished themselves in the construction and ancillary industries, one of the most important fields impacting the socio-economic elements of any country.

**MATTAR ENGINEERING CONSTRUCTION** will receive the INTERNATIONAL CONSTRUCTION AWARD during a lunch to be held on May 11th at the Hotel Meliá Castilla, Madrid-Spain, which will be attended by commercial authorities, representatives of the Diplomatic Corps and specialised press.

Major constructors, contractors, civil engineering companies, etc. and the most important manufacturers and suppliers of the building industry from different countries will be receiving their prize. Their selection is based upon the innovations or the price-quality ratio of their products and services. A work meeting will be held on the morning of May 11th. On this occasion, about 100 businessmen from this sector will introduce their enterprises, offering an excellent opportunity to all participants to get to know one another and build commercial links with other professionals of this field.

We kindly request you to confirm your participation at your earliest convenience, returning the attached "confirmation of attendance" sheet duly signed, together with the short profile of your company. Please feel free to contact Mr. Ledan in case you should need any further information, using the e-mail and phone numbers given above or by visiting our web page: [www.gtleadersclub.com](http://www.gtleadersclub.com)

We look forward to hear from you,

Yours sincerely,

Ricardo Roso López  
Secretary General - CEO

**SUBJECT: Execution of excavation works in Road Right of Way**

Dear Sir,

Referring to your letter dated 27/10/2002 and to the pre-qualification documents submitted to us and after looking through the same, we have No Objection for your company to do the excavation for Etisalat works within the road right of way, subject to following conditions:

1. All your works will have to comply with Dubai Municipality requirements as per prevailing local orders and conditions of NOC issued for each part of the work.
2. The completed works will have to be certified by DM SCC staff.
3. Your company is not permitted to carry out asphalt reinstatements.
4. Your equipment and yard workshop must be located in Dubai Emirate during execution of the project.
5. This permit is valid only for initial period of six months after which the same will have to be renewed depending upon your performance.

For any further clarifications please call on our Services Co-ordination Center.

Regards

#### Other Terms & Conditions:

- Project & client specification should be followed.
  - The issuance of LPO or the approval from the respective clients do not relieve the supplier/manufacturer from his obligation to ensure conformance to the specification. Any specification deviations found subsequent to approval shall be corrected by the supplier/manufacturer to the satisfaction of the respective client.
  - SUPPLIER confirms upon accepting this LPO they will comply with the delivery period mentioned and any delay is not acceptable.
  - SUPPLIER confirms upon accepting this LPO that they will supply the materials as per End user and consultant requirement and in complete compliance of client/consultant comments without any discrepancies with the authorities requirements.
  - No deliveries or Partial deliveries are to be made without authorization from SGE. Failure to comply with this instruction will result in consignment being returned to you at your cost.
  - All original invoices should be submitted to our HO with copy of our Purchase order & Delivery Note & Work completion report to process your payment.
  - Delivery note & Work Completion Report to be signed by Authorized Signatory (Project Manager/Project Engineer) from Project Team, otherwise invoices will not be processed for payment.
- Please acknowledge this Purchase Order within 2 working days, otherwise it will be considered as accepted.
